

Getting Ready for Year 1

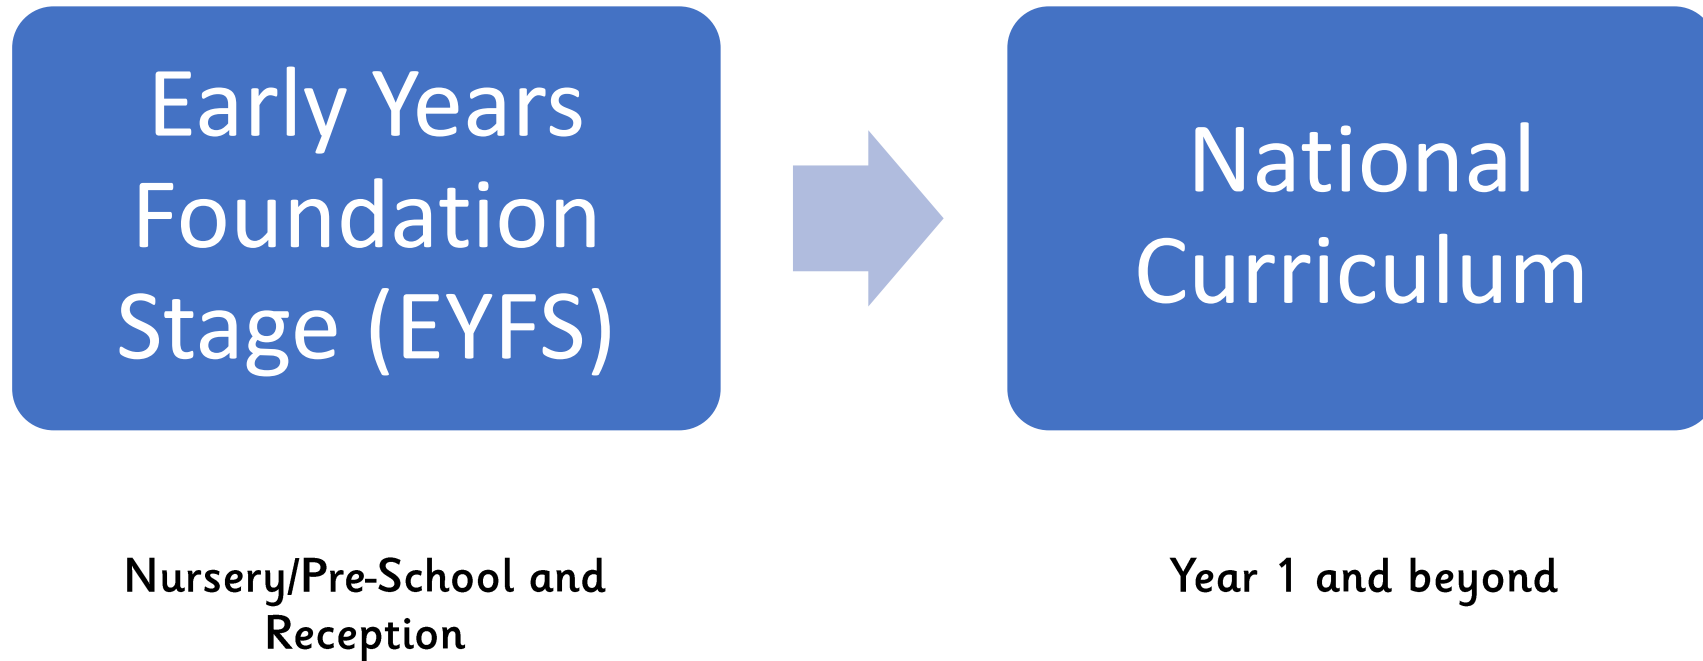

This presentation aims to:

- * Help you understand how and why Year 1 is different to Reception
- * Explain how we prepare children for the transition to Year 1 in school
- * Give you ideas and support to help your child get ready for Year 1 at home

Why is Year 1 different to Reception?

How is Year 1 different to Reception?

2.20-2.45

- Foundation Subject

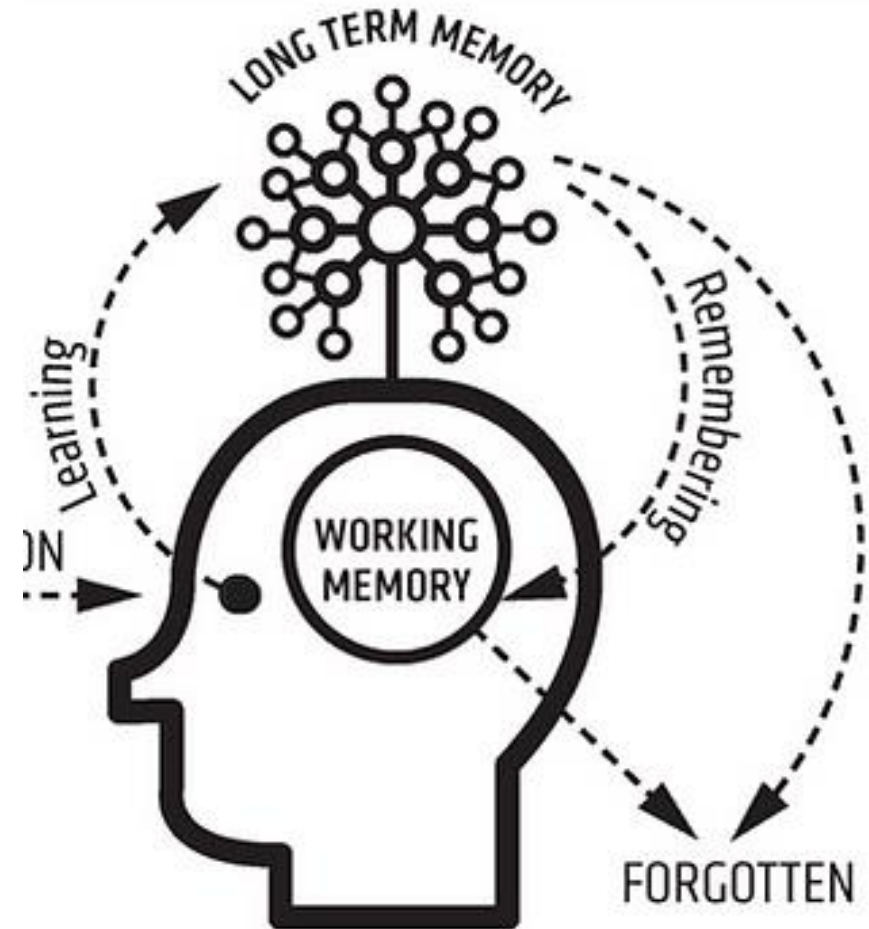

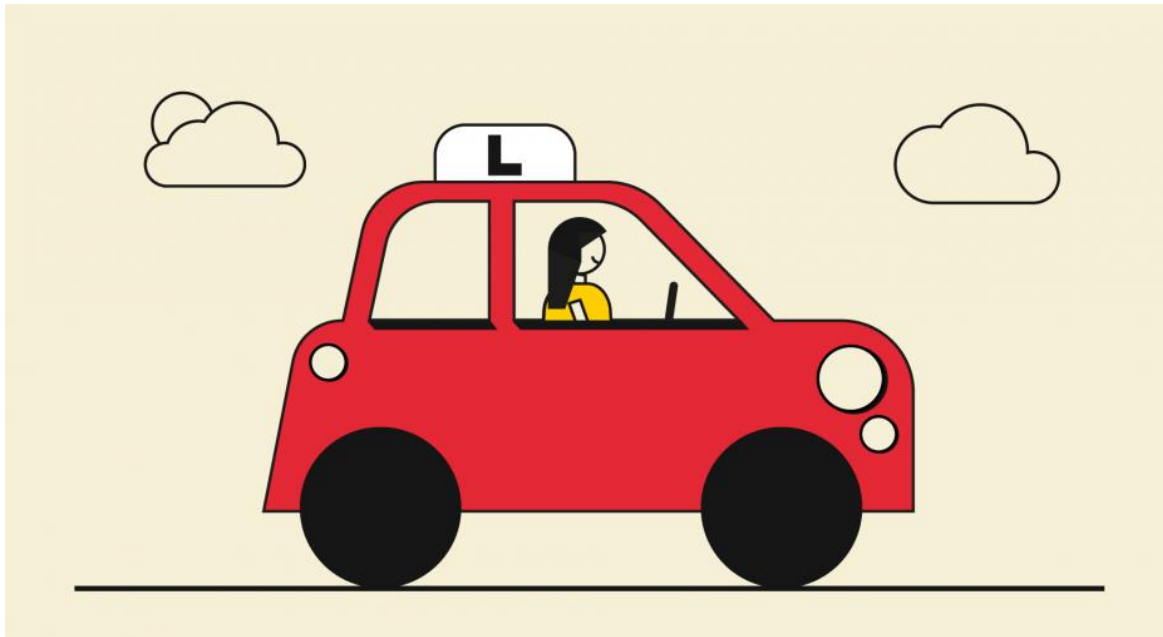

2.45-3

- Story & Home

What are the teachers doing to prepare children for year 1?

- Teaching and learning is carefully planned to provide the foundations in knowledge and skills needed for Year 1
- Gradually altering the structure of the day- this helps children to begin to regulate and get used to specific times of the day e.g. play time, snack time, time to go to the toilet.
- Building stamina for learning and focusing on specific skills that will help children thrive in a Year 1 classroom
- Working closely with the Year 1 team to ensure a seamless transition

What can I do at home to prepare my child for Year 1?

What can I do at home to prepare my child for Year 1?

- Have realistic expectations- your child may be hungrier or more tired at the end of the school day. They may become more emotional as a result of having to concentrate on new skills and concepts. Some children have more wet accidents too!
- Transition Work on Google Classroom will give you ideas of ways to continue to support the learning – solid understanding of number to 10 and Phase 3 phonics

Year 1 is fun!

- The curriculum in Year 1 has been carefully designed to be exciting and engaging for the children- they really do love the learning in Year 1

- All of the children are inspired to learn and feel happy and confident in school
- The children rise to the challenge
